

BHUPENDRA NARYAN MANDAL UNIVERSITY
LALOO NAGAR, MADHEPURA-852113

**Employability/Entrepreneurship/skill
Development Programmes**

BHUPENDRA NARAYAN MANDAL UNIVERSITY

भूपेन्द्र नारायण मंडल विश्वविद्यालय, लालूनगर, मधेपुरा

A State University established under Bihar Universities Act 1976

Established in 1992

1.1.3: Programmes offered by the institution focus on employability/ entrepreneurship/ skill

Sl. No	Name of the Course	Course Code	Year of introduction	Activities/Content with direct bearing on Employability/ Entrepreneurship/ Skill development	Link to the relevant document
01	Microbiology and Plant Pathology	MBOTCC- 02	2019	To inculcate theoretical aspects of microbiology enables students to acquire employment in various fields such as pharmacy, Medicine, Chemical research, agriculture, dairy industry, Water industry, nanotechnology and chemical technology.	https://botany.bnmu.ac.in
02	Practical based on	MBOTCC- 04	2019	Hand on training in principles, protocols and instrumentation of different aspects of Microbiology develops Skills and insight in the field enabling the students to get entry into different related field as mentioned above.	https://botany.bnmu.ac.in
03	Biofertilizer Technology	MBOTCC- 05	2019	To impart knowledge about biofertilizertechnology enables students to be employed in various industries for biofertilizer production.	https://botany.bnmu.ac.in
04	Plant tissue Culture	MBOTCC- 08	2019	Tissue culture: Basics of tissue culture such as Principles and Protocols of tissue culture (Theory) knowledge of tissue culture may lead to enable students in learning recent techniques of crop improvement. Thus such study may Provide employment in different scientific research labs as well as in industries.	https://botany.bnmu.ac.in
05	Practical based on tissue Culture	MBOTCC- 09 Practical - 2	2019	Hand on training in the above noted topic (tissue culture) develops skills in students for handling different types of tissue - cultures such as Protoplast culture, Embryo culture, Organ culture etc.	https://botany.bnmu.ac.in
06	Recombinant DNA Technology	MBOTCC - 12	2019	Recombinant DNA Technology has revolutionized Scientific world. It has vast application in various fields such as medicines, Agriculture etc.	https://botany.bnmu.ac.in
07	Electronics I	MPHYCC-7	2019	Fundamental designing concepts of different types of Logic gates and minimization techniques.	https://physics.bnmu.ac.in/
08			2019	Architecture and operation of Microprocessors.	https://physics.bnmu.ac.in/
09			2019	Application of Binary arithmetics In electronic circuits.	https://physics.bnmu.ac.in/
10	Electronics II	MPHYCC-12	2019	Fabrication of combinational Logic circuits and its applications.	https://physics.bnmu.ac.in/

14.08.24

14.08.24
DY. REGISTRAR (ACADEMIC)
B.N. MANDAL UNIVERSITY

11	Modeling and Simulation	MPHYCC-5	2019	To enrich the knowledge of computer languages such as C++, FORTRAN, JAVA and PYTHON Imparted the knowledge of Monte Carlo method and Simulation.	https://physics.bnmu.ac.in/
12	Advanced Nutrition	Energy Metabolism CC-01 Unit-1	2019	The course explain energy metabolism, energy requirement for individual (working or non working man and woman), measurement and affecting factor, use, need and importance of energy. Get an insight into various metabolic pathways.	https://homescience.bnmu.ac.in
13		Protein CC-01 Unit-2	2019	The course describes the concept of protein structure, function, use, explain the structure and function of DNA, RNA, Plasma Protein.	https://homescience.bnmu.ac.in
14		Lipids CC-01 Unit-3	2019	The course describes the Lipids classification function & its nutritional significance of lipids, Biosynthesis fo Cholestrol.	https://homescience.bnmu.ac.in
15		Carbohydrates CC-01 Unit-4	2019	The course explains the structue, function of saccharides, use and equipments of carbohydrates, know the role of hormones in growth, maintenance and regulation of body processes.	https://homescience.bnmu.ac.in
16		Micronutrients CC-01 Unit-5	2019	The course describes the classification, role of vitamins and minerals. Effect and use of micronutrients. Importance of micro minerals.	https://homescience.bnmu.ac.in
17	Advanced Study of Human Development	Introduction to Development CC-02 Unit-1	2019	The course describe the overview of development from prenatal stage to preadolescence stage stages and principles of growth and development, role of environment and heredity.	https://homescience.bnmu.ac.in
18		Prenatal Development CC-02 Unit-2	2019	The course describes the prenatal Development of every stage, common disorder during pregnancy and birth process.	https://homescience.bnmu.ac.in
19		Infancy (0-2 years) CC-02 Unit -3	2019	The course explains the 0-2year infant behavior, healtje and evaluation.	https://homescience.bnmu.ac.in
20		Early Childhood (2-6 years) CC-02 Unit-4	2019	The course explains the all types of Development in early childhood (2-6year). Develop an awareness of important aspects of all development stages during this phase.	https://homescience.bnmu.ac.in
21		Later Childhood (6-12 years) CC-02 Unit-5	2019	The course describe the late childhood (6-12 year) develop an awareness of important aspects of all development stages during this phase.	https://homescience.bnmu.ac.in

DY. REGISTRAR (ACADEMIC)
B.N. MANDAL UNIVERSITY

22	Concept of Home Management	Concept of Home Management CC-03 Unit-1	2019	The course explains the concept related to family resource management. It highlights the significance of management process in efficient use of resources.	https://homescience.bnmu.ac.in
23		Management Process CC-03 Unit-2	2019	It imparts the skills of efficient management of available resources. It prepares the students for organising events.	https://homescience.bnmu.ac.in
24		Ergonomics CC-03 Unit-3	2019	It focuses on management of human energy as a family resource. It imparts knowledge regarding good work practices to perform the work effectively and reduce discomforts while performing domestic and other occupations.	https://homescience.bnmu.ac.in
25		Time and Energy Management CC-03 Unit-4	2019	Understanding the importance of time and energy and ways to manage them effectively for performing the work effectively.	https://homescience.bnmu.ac.in
26		Work Simplification CC-03 Unit-5	2019	Understanding the importance of time and energy and ways and suggests the ways for simplifying the work.	https://homescience.bnmu.ac.in
27		Research Methodology & Statistics	Fundamentals of Research CC-04 Unit-1	2019	Develop a scientific approach and know the processes of research. The competence for selecting method and tools appropriate for research topics. Understand concepts of statistical methods.
28	Stages/steps involved in research process CC-04 Unit-2		2019	Understand a scientific approach and know the different steps of research.	https://homescience.bnmu.ac.in
29	Sample and sampling techniques CC-04 Unit-3		2019	Understand concepts of different types of sampling techniques.	https://homescience.bnmu.ac.in
30	Research Tools CC-04 Unit-4		2019	Understand concepts of different types of Research Tools.	https://homescience.bnmu.ac.in
31	Concept of Data CC-04 Unit-5		2019	Understand concepts of different types of statistical methods.	https://homescience.bnmu.ac.in
32	CC-05 Unit-1		2019	Create awareness related to nutrition & its importance in various body condition.	https://homescience.bnmu.ac.in
33	CC-05 Unit-2	2019	Helps in understanding the disease condition and effective management of infectious diseases.	https://homescience.bnmu.ac.in

B.N. MANDAL UNIVERSITY

34	Therapeutic Nutrition	CC-05 Unit-3	2019	Helps in understanding the nutrition related diseases. Helps in understanding the effect of food on internal body organs.	https://homescience.bnmu.ac.in
35		CC-05 Unit-4	2019	It generates knowledge related to metabolic disorders and suggests ways for preventing its occurrence.	https://homescience.bnmu.ac.in
36		CC-05 Unit-5	2019	It practically makes the learner to understand the concept of dietary counselling. It prepares the students to perform dietary counselling for various health conditions.	https://homescience.bnmu.ac.in
37	Maternal and Infant Nutrition	CC-06 Unit-1	2019	The course explains understand physiological changes during pregnancy, nutritional effect on mother - child health, nutrition requirement during pregnancy, stage of fetal growth.	https://homescience.bnmu.ac.in
38		CC-06 Unit-2	2019	The course explains understand physiological changes during lactation. Role of Hormones, Milk composition, importance of Breast feeding.	https://homescience.bnmu.ac.in
39		CC-06 Unit-3	2019	The course describe get acquainted with: growth and development changes from conception till birth.	https://homescience.bnmu.ac.in
40		CC-06 Unit-4	2019	The course explain after pregnancy nutritional requirement and sign and symptoms of menopause.	https://homescience.bnmu.ac.in
41		CC-06 Unit-5	2019	The course explains Understand the intel" relationship between nutrition and growth and development during a life cycle, policies and programmes for mother and child health.	https://homescience.bnmu.ac.in
42	Study of textile crafts of India: History, Production canters, Techniques, Designs, Colours and products. CC-07 Unit-1		2019	Acquaint with Indian textile and clothing culture. Analyze traditional textiles based on the process of making it. Differentiates traditional textiles from different parts of the country. Appreciates the traditional textiles and costumes. Understands the techniques of traditional embroidery.	https://homescience.bnmu.ac.in
43		Elements used in creating a design CC-07 Unit-2	2019	Imparts the basic knowledge of Textile designing.	https://homescience.bnmu.ac.in

 B.N. MANDAL UNIVERSITY

44	Management of Textile Crafts and apparel industry	Principles of Merchandizing CC-07 Unit-3	2019	Develops entrepreneurial skills for effective marketing of developed products. Learners will be able to know about different kinds of marketing and merchandising techniques. Learners will be able to understand various selling techniques.	https://homescience.bnmu.ac.in
45		Role of Mass Media in fashion CC-07 Unit-4	2019	Student understand working relationship between fashion and social media both locally and globally.	https://homescience.bnmu.ac.in
46		Cultural and Economic Empowerment through Textile Crafts CC-07 Unit-5	2019	Learners will develop understanding about ancient and contemporary costumes and textiles of India.	https://homescience.bnmu.ac.in
47	Communication Technology	Concept of Communicatio CC-08 Unit-1	2019	Develop understanding regarding various aspects of communication. Develop understanding regarding various audio-visual aids used for various groups: individual, group, mass. Develop ability to prepare, operate use of audio-visual aids.	https://homescience.bnmu.ac.in
48		Forms of communication CC-08 Unit-2	2019	Develop understanding regarding various types of communication.	https://homescience.bnmu.ac.in
49		Types of Media CC-08 Unit-3	2019	Develop understanding regarding various audio-visual aids used for various groups: individual, group, mass.	https://homescience.bnmu.ac.in
50		Adoption & Diffusion CC-08 Unit-4	2019	Develop understanding regarding concept of Adoption & Diffusion Process.	https://homescience.bnmu.ac.in
51		Inroduction to Information Communication CC-08 Unit-5	2019	Develop understanding regarding various types of communication & Role of ICT in development.	https://homescience.bnmu.ac.in
52	Women's Studies	CC-09 Unit-1	2019	The course explains women in India civilization in every edges and period.	https://homescience.bnmu.ac.in
53		CC-09 Unit-2	2019	The course explains the woman education, sources and growth.	https://homescience.bnmu.ac.in
54		Personal and Civil Laws related to women CC-09 Unit-3	2019	The course describes the crime against Woman, Women Exploitation in India & difficulty related to female child.	https://homescience.bnmu.ac.in
